HARD DEADLINE: 12/15/2023 06:00 PM

Instruction

Escape!

Tools

HTML, CSS, JavaScript, jQuery, Visual Studio Code, puzzle-solving skills

Description

- For your submission for this activity, you need to send the following as separate files:
 - A screenshot of your group completing the CLUE 1 of 5 document.
 - A screenshot of your group completing the CLUE 2 of 5 document.
 - A screenshot of your group completing the CLUE 3 of 5 questions.
 - A screenshot of your group completing the CLUE 4 of 5 questions.
 - A screenshot of your group completing the CLUE 5 of 5 questions.
- You would, of course, also need to complete the final task.

- Do **not** zip the screenshots. Submit them separately.
- The format of the screenshots doesn't matter too much, as long as the answers are visible on the screenshot. You may place your answers in a text file then take a screenshot, for example.
- You will work on the activity as a group, but submit individually. Each member must have their own copies of the screenshot to be submitted.
- Good luck!
