Sample output

## Instruction

Register for a CodePen account.

## Tools

CodePen

## Description

1. [Go to the CodePen website.](http://codepen.io)  (<http://codepen.io>)
2. Click on the top-right "Sign Up" button and register for an account.
3. Create a new Pen.
4. Under the HTML section, write the following:

- ```
<body>  
  <h1>Testing</h1>  
  <button onclick="runActivity()">Run</button>  
</body>
```

5. Under the CSS section, write the following.

- ```
body {  
  background-color: red;  
}
```

6. Under the JS section, write the following.

- ```
function runActivity(){  
  alert("My name is [YOUR NAME], and I programmed in CodePen!");  
}
```

7. Take a screenshot of your browser window with the Pen visible.
8. Name the screenshot **CodePen.png** and upload it here.
