ACT #20 Bootstrap Website

New Attempt

Due No Due Date   **Points** 10   **Submitting** a file upload   **File Types** html

---

Instruction

Update your ACT #16 HTML and CSS code with Bootstrap.

Tools

Visual Studio Code

Description

1. Open VS Code.
2. Open your submission of ACT #16 and the stylesheet.
3. Re-save it (select File > Save As...) as **church_bootstrap.html**.
4. Using Bootstrap, update/rewrite your code to resemble the sample output at the top of the activity page (including the footer).
   - Use the **iPad Air landscape** view while you work on the website.
5. Submit the .html file.
